## Professional Experience

- 04/2025 – Present ■ **Data Analyst**, OneCare Group
- Designed and implemented a Power BI App from scratch, automating analytics through 18+ data pipelines for QuickBooks, HubSpot, Dynamics 365, SharePoint, Excel and Adobe LMS.
  - Built and maintained 58+ Power BI dashboards and dataflows, improving reporting efficiency, accuracy, and accessibility across multiple business units.
- Skills: Power BI (Desktop, Fabric, Apps, Dataflows, Power Query, DAX, custom M scripts), AWS (S3, Lambda, EventBridge, DynamoDB), Python (API integration, automation), APIs & Data Integration (REST, JSON, Postman), Excel, Business Intelligence & Data Modelling
- 05/2024 – 04/2025 ■ **Data Consultant & Freelance Tutor**, Marinos Savva
- Assisted with the conception and implementation of 3 machine learning models in professional business environments.
  - Tutored 8 higher-education students in R, Python, Mathematics and Statistics with all reaching scores above 70%.
- Skills: Python (Pandas, Tensorflow, Keras, NLTK), SQL, R, MATLAB, Consulting, Mathematics & Statistics, Technical Communication, Problem-solving, Tutoring
- 05/2024 – 08/2024 ■ **Data Analysis Intern**, Papadopoulos & Schinis Productions Ltd.
- Developed 2 machine learning models for customer churn and sales trend analysis.
- Skills: Python (Scikit-learn, Pandas, Matplotlib), Machine Learning (Classification & Regression)

## Other Experience

- 2021-2023 ■ **Arbitration Board Head**, Erasmus Student Network International
- 2020-2021 ■ **Web Technology Teaching Assistant**, Vrije Universiteit Amsterdam
- 2019-2021 ■ **National Partnership Manager**, Erasmus Student Network The Netherlands
- 2018-2019 ■ **President**, Erasmus Student Network VU Amsterdam
- 2017-2017 ■ **IT Technical Support Intern**, Marlow Navigation
- Skills: Stakeholder Management, Project Management, Public Speaking, Negotiations, Communication, Leadership, Networking, Advocacy, Strategic Planning, Collaboration, Mediation & Arbitration, Presenting, Problem-solving

## Education

- **M.Sc. Artificial Intelligence, Utrecht University**
- Honours: "Leadership"
  - Relevant electives: Advanced Machine Learning, Machine Learning for Human Language, Human Centered Machine Learning, Social Computing, Adaptive Interactive Systems
- Skills: Python (Numpy, Pandas, Scikit-learn, Keras, Tensorflow, PyTorch, NLTK, Matplotlib), SQL, R, Machine Learning (Deep Learning, Classification/Regression, Clustering, Autoencoders), Modelling, NLP, Intelligent Agents, Human-Computer Interaction, Adaptive Interactive Systems, Academic Research & Writing, In-Person Experimentation
- **B.Sc. Computer Science, Vrije Universiteit Amsterdam**
- Minor(s): "Managing Digital Innovation" & "Brain & Mind"
  - Relevant electives: Machine Learning, Advanced Programming, Human-Computer Interaction, Databases, Intelligent Systems, Software Design, Data Structures & Algorithms, Statistical Methods, Data Wrangling
- Skills: Python (Numpy, Pandas, Scikit-learn, OpenCV, Matplotlib, Seaborn), SQL, C++, C, Scala, Java, MATLAB, HTML, CSS, REST, JavaScript, Computing (Data Structures & Algorithms, Computational Complexity), Databases, Software Development, Tableau, Power BI

## Languages

**English** (C2 – IELTS), **Greek** (Native), **Dutch** (A2 – NT2)
